

Team Up to Clean Up Table Rock Lake

Table Rock Lake | Branson, MO | October 16, 2010

Cleanup kicks off at Table Rock State Park Marina | 7:30 AM

Trash weigh-in is at Branson Landing | 2:00 PM

Recycled Fish and the Professional Anglers Association (PAA) have teamed up to organize a lake cleanup during the PAA Tournament at Table Rock Lake.

While the competitors are out on the water, we're looking for volunteers to help scour the shorelines, boat ramps and park areas to remove trash.

- You'll get to walk across the main weigh-in stage to weigh your trash before "releasing" it into a dumpster provided by *Allied Waste Services of the Ozarks*. This gives you a chance to give a "shout out" to your conservation or fishing club.
- Whoever finds the most trash by volume, by weight, and the strangest trash will win prizes money can't buy - fishing gear from Bass Pro Shops *autographed by the pros!*
- Free lunch and premium seating during the final day weigh-in!

Our lifestyle runs downstream, and we aren't just sportsmen, we are stewards.
