

I am more than a weekend warrior.

I'm also a dad. Soon my kids will be old enough to be out here with me. That's why I switched to lead-free weights and biodegradable baits. I pick up and recycle used fishing line. I never dump unused live bait into my lake. It's SAFE Angling, and it will ensure that my kids enjoy a clean and healthy lake. Now I'm more than a weekend warrior.

I am a steward.
